- 5% of our students qualify for Reduced Lunch
- Caucasian Students – 55%; African American Students – 34%; Hispanic Students – 6%; Asian Students – 1.6%; Other Students – 3.4%

Purpose of Report

The Annual School Improvement Council Report to the Parents is issued by Daniel Morgan Technology Center in accordance with South Carolina law to share information on the school's progress in meeting various goals and objectives, the work of the School Improvement Council, and other accomplishments during the school year.

Our mission, in Spartanburg School District Three, is to provide experiences and teach world class skills and values which empower all children to achieve their fullest potential.

Statement of Non-Discrimination: Spartanburg School District Three does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities and provides equal access to the Boy Scouts and other designated youth groups. The following person(s) has been designated to handle inquiries regarding the non-discrimination policies: Assistant Superintendent, Personnel and Pupil Services, 3535 Clifton Glendale Road, Glendale, SC 29346, (864) 279-6000.

School-Wide Goals

2017-2021

- Increase the total number of program completers we produce to 225 by the end of the 2020-21 School Year.
- Increase the total number of industry recognized certifications our students earn to 295 by the end of the 2020-21 school year.
- Increase the total number of students involved in Co-op or Work-Based Learning experiences to 34 by the end of the 2020-21 school year.
- Ensure that 100% faculty/staff members gets the “Read to Succeed” endorsement on their teaching certificate by the end of the 2020-21 school year.
- Ensure that 100% of faculty/staff members keep their teaching credential current, have a professional certificate, or are working towards a professional certificate.
- Ensure that 100% of our teachers develop and keep up-to-date Long Range Lesson Plans for each class they teach, each semester.
- Provide a positive learning environment that is safe, clean, inviting, and up-to-date.

- DMTC went to a hybrid schedule to increase the number of completers produced each year. Trade classes are now on a double-blocked schedule, producing completers in one year, or two semesters. Other classes remain on a single block schedule.
- In order to increase the number of industry recognized certifications DMTC students earn, we are researching certifications that are available but not currently offered. Instructors becoming credentialed to offer these opportunities.
- In order to increase Co-op and Work-Based learning opportunities, DMTC reached out to industries in the local area to create an awareness of DMTC and what the school has to offer. DMTC has also partnered with Vocational Rehabilitation and Apprenticeship SC, creating more opportunities for students.
- Anyone who holds a Professional Teaching certificate in South Carolina is required to obtain the “Read to Succeed” endorsement. To accomplish this goal, DMTC is working with Spartanburg School District Three. Starting next fall, our teachers will have the opportunity to enroll in a class through District Three enabling them to earn the endorsement.
- Providing a positive learning environment that is safe, clean, inviting, and up-to-date is a major priority for DMTC. The results of parent/teacher/student surveys are used as a measurement. A full-time SRO was added to the campus. A safety committee was created to evaluate emergency procedures and create a handbook. The committee is also responsible for identifying areas of concern to be addressed.
- Our Advisory Committees and Industry contacts help us make sure the equipment we use to teach our students is industry standard, well-maintained, and up-to-date.

Actions/Outcomes/Results

Accomplishments

- Construction has begun on our new Culinary Lab, which should be completed in June of this year.
- Machine Tool Program received a \$6500 grant from HAAS.
- Health Science classrooms/Lab areas, and Engineering Graphics classroom fully renovated.
- Recognized 56 Program Completers at the end of first semester, and hope to recognize over 200 for the year.
- 115 students enrolled in Dual Credit classes, taking 164 classes and earning 531 hours of college credit.
- Hosted first Car Show, with over fifty cars, in collaboration with the SC ALS Foundation.
- Hosting second annual Health Care Career Fair and second annual Military Appreciation Day.
- Restructured Business Technology, Information Technology, and Marketing programs to create four completer pathways instead one.
- Added second Cosmetology instructor to accommodate increased demand.
- A student was accepted into the Culinary Arts Institute of New York’s summer scholar’s program. (One of 18 from over 1000 applicants.)
- Hosted a blood drive producing 68 units of donated blood.
- Ten students are on Co-op with local industries and 27 others getting WBL clinical experience.
